TRAININGS

Cybersecurity Virtual Experience Programby Mastercard participation with Forage Apr 2024

- Completed a job simulation where I served as an analyst on Mastercard's Security Awareness Team
- Helped identify and report security threats such as phishing
- Analyzed and identified which areas of the business needed more robust security training and implemented training courses and procedures for those teams

Cybersecurity Analyst Job Simulation

by TATA participation with Forage Apr 2024

- Completed a job simulation involving identity and access management (IAM) for Tata Consultancy Services, collaborating with a Cybersecurity Consulting team.
- Acquired expertise in IAM principles, cybersecurity best practices, and strategic alignment with business objectives.
- Delivered comprehensive documentation and presentations, showcasing the ability to communicate complex technical concepts effectively.

Web Development Bootcamp

This training helped me in elevating my web development skills. I deployed websites through github in my learning period.
